ATTIVITA' SCIENTIFICHE

Other research collaborations:

Since 2018 –**Collaboration within EUROCARE ResearchProject** is the widest collaborative research project on cancer survival in Europe. The project started in 1989 under the initiative of two research institutes, Istituto Nazionale Tumori, Milan (www.istitutotumori.mi.it) and Istituto Superiore di Sanità, Rome (www.iss.it), with the participation of a large number of population-based Cancer Registries throughout Europe. Aims of the study are: to provide an updated description of cancer survival time trends and differences across European countries, to measure cancer prevalence, and to study patterns of care of cancer patients.

Since March 2017 –**Member of the Working Group CONCORD-3** on behalf of Palermo Province Cancer Registry. CONCORD is the global programme for world-wide surveillance of cancer survival, led by the London School of Hygiene & Tropical Medicine (<http://csg.lshtm.ac.uk/research/themes/concord-programme/>). The CONCORD programme is endorsed by 40 national and international agencies, including WHO EURO, the Organisation for Economic Co-operation & Development (OECD) and the World Bank.

2015/2017 – **Collaboration within the Research Project “The economic impact of cancer on regional health systems: estimates and projections in different scenarios (EPICOST)”** Multicentre study. Partners: Istituto Superiore di Sanità (ISS), Palermo Province Cancer Registry, Florence Cancer Registry, Friuli-Venezia-Giulia Regional Cancer Registry, Milan Cancer

Registry, Naples Cancer Registry, Veneto Regional Cancer Registry. Funded by Health Ministry (CCM Programme 2014).

Since November 2016 - **Member of the Working Group CONCORD-2**. CONCORD is the global programme for world-wide surveillance of cancer survival, led by the London School of Hygiene & Tropical Medicine (<http://csg.lshtm.ac.uk/research/themes/concord-programme/>). The CONCORD programme is endorsed by 40 national and international agencies, including WHO EURO, the Organisation for Economic Co-operation & Development (OECD) and the World Bank.

Since May 2015 - **Member of the Working Group "IMPATTO"** at AIRTUM. Study on the impact of the screening on the incidence of colorectal cancer.

From March 2015 to March 2016 – **Collaboration within the Research Project "Definizione e promozione di programmi per il sostegno all'attuazione del Piano d'Intesa del 13/3/13 recante Linee di indirizzo su la Genomica in Sanita Pubblica"**. Led by the Institute of Public Health at Catholic University of Sacred, Rome. Funded by the Italian Centre for Diseases Control and Prevention (CCM) of the Health Ministry.

From March 2012 to September 2016 – **Collaboration within the Research Project "L'impatto economico dei test genetici sul Servizio Sanitario Nazionale (SSN): valutazione dei percorsi diagnostico-assistenziali, stime di costi-efficacia e costi-utilita e analisi delle politiche sanitarie a livello europeo"**. Led by the Department of Public Health and Infectious Diseases at Sapienza University of Rome. Funded by the Italian Centre for Diseases Control and Prevention (CCM) of the Health Ministry.

From November 2011 to November 2014 – **Collaboration within the Research Project "Test genomici predittivi: censimento in alcune regioni italiane per l'istituzione di un registro dell'offerta, e promozione di interventi formativi per i medici prescrittori"**. Led by the Institute of Public Health at Catholic University of Sacred, Rome. Funded by the Italian Centre for Diseases Control and Prevention (CCM) of the Health Ministry.
