INFORMAZIONI PERSONALI

Nome CHRISTIAN
Cognome CONOSCENTI
Recapiti Dipartimento di Scienze della Terra e del Mare, via Archirafi 22, 90123 Palermo, +39 091 23864670
Telefono 091-23864670
E-mail christian.conoscenti@unipa.it

FORMAZIONE TITOLI

30/03/2017: **National Scientific Qualification (ASN)** for the role of **Full Professor of Physical Geography and Geomorphology** by the Italian Ministry of Education, University and Research (MIUR). <https://asn16.cineca.it/pubblico/miur/esito-abilitato/04%252FA3/1/1>

19/12/2013: **National Scientific Qualification (ASN)** for the role of **Associate Professor of Physical Geography and Geomorphology** by the Italian Ministry of Education, University and Research (MIUR). <https://abilitazione.cineca.it/ministero.php/public/esitoAbilitati/settore/04%252FA3/fascia/2>

27/01/2006: **Doctor of Philosophy (PhD) in Geology**, Department of Geology and Geodesy, University of Palermo. Dissertation title: "Assessment of water erosion at watershed scale: a case study of the San Leonardo River watershed (Central-western Sicily)". Tutor: Prof. V. Agnesi

31/10/2000: **Master of Science in Geology** (110/110 cum laude), Department of Geology and Geodesy, University of Palermo. Dissertation title: "Geomorphological setting of Mt. Pellegrino". Tutor: Prof. T. Macaluso

ATTIVITA' DIDATTICA

University courses held at the University of Palermo

2018 – 2019 "GIS modeling of geo-hydrological risk", MS in Geological Science and Technology

2017 – 2019 "Environmental geology and GIS analysis", MS in Analysis and environmental management

2016 – 2018 "Water erosion", MS in Geological Science and Technology

2016 – 2018 "Geomorphometry", MS in Geological Science and Technology

2016 – 2017 "Environmental geology", MS in Analysis and environmental management

2009 – 2016 "Geomorphology", MS in Forestry and environmental sciences

2008 – 2010 "Geomorphology and Environmental geology", MS in Forestry and environmental sciences

2010 – 2016 "Environmental geology and Geomorphology", MS in Environmental requalification and Naturalistic engineering

2007 – 2008 "Geomorphology", BS in Forestry and environmental sciences

2006 – 2008 “Applied GIS”, MS in Geology for the environment and territory

Tutor of PhD thesis at University of Palermo

PhD student: Marilena Ciaccio; dissertation thesis: “GIS analysis and statistical modelling for the evaluation of landslide susceptibility at the watershed scale: a case study of the watershed of the Marvella Creek”

University courses held at other universities

2010, 2011 and 2013: “Evaluación del Riesgo ante la Erosión del Suelo”, Master in Gestión para la Reducción del Riesgo, Universidad “San Carlos” de Guatemala

2013: “Herramientas GIS para evaluación de Modelos de Pérdida de Suelo por Erosión”, Master in Evaluación de Peligrosidades Naturales, Universidad de El Salvador

2011: “Modelos de Pérdida de Suelo por Erosión”, Curso de especialización in Evaluación de Peligrosidades Naturales, Universidad de El Salvador

2010: “Evaluación de la susceptibilidad a deslizamientos”, Master Centroamericano en Gestión y Reducción de Riesgos Naturales, Universidad Nacional Autónoma de Nicaragua, Managua

RICERCHE FINANZIATE

2013 – 2016: Scientific responsible for the University of Palermo of the project “Fluvial processes and sediment dynamics of slope channel systems: Impacts of socio economic and climate change on river system characteristics and related services – FLUMEN” funded by the EU (call identifier: FP7-PEOPLE-2012-IRSES)

2010 – 2011: Scientific responsible for the University of Palermo of the project VIGONI 2009 “Soil erosion assessment in the Mediterranean: An integrative approach combining field studies, remote sensing methods and process based modelling in the Imera Catchment of Northern Sicily, Italy”, funded by the German-Italian University Center

ASSOCIAZIONI SCIENTIFICHE

AIGeo (Associazione Italiana di Geografia Fisica e Geomorfologia)

PUBBLICAZIONE

ISI-listed papers

Garosi, Y., Sheklabadi, M., Conoscenti, C., Pourghasemi, H.R., Van Oost, K., 2019. Assessing the performance of GIS-based machine learning models with different accuracy measures for determining susceptibility to gully erosion. *Sci. Total Environ.* 664, 1117–1132. <https://doi.org/10.1016/j.scitotenv.2019.02.093>

Rahmati, O., Kornejady, A., Samadi, M., Deo, R.C., Conoscenti, C., Lombardo, L., Dayal, K., Taghizadeh-Mehrjardi, R., Pourghasemi, H.R., Kumar, S., Bui, D.T., 2019. PMT: New analytical framework for automated evaluation of geo-environmental modelling approaches. *Sci. Total Environ.* 664, 296–311. <https://doi.org/10.1016/j.scitotenv.2019.02.017>

Arabameri, A., Rezaei, K., Cerdà, A., Conoscenti, C., Kalantari, Z., 2019. A comparison of statistical methods and multi-criteria decision making to map flood hazard susceptibility in Northern Iran. *Sci. Total Environ.* 660, 443–458. <https://doi.org/10.1016/j.scitotenv.2019.01.021>

Vargas-Cuervo, G., Rotigliano, E., Conoscenti, C., 2019. Prediction of debris-avalanches and -flows triggered by a tropical storm by using a stochastic approach: An application to the events occurred in Mocoa (Colombia) on 1 April 2017. *Geomorphology* 339, 31–43. <https://doi.org/https://doi.org/10.1016/j.geomorph.2019.04.023>

Arabameri, A., Pradhan, B., Rezaei, K., Conoscenti, C., 2019. Gully erosion susceptibility mapping using GIS-based multi-criteria decision analysis techniques. *Catena* 180, 282–297. <https://doi.org/10.1016/j.catena.2019.04.032>

Rotigliano, E., Martinello, C., Hernández, M.A., Agnesi, V., Conoscenti, C., 2019. Predicting the landslides triggered by the 2009 96E/Ida tropical storms in the Ilopango caldera area (El Salvador, CA): optimizing MARS-based model building and validation strategies. *Environ. Earth Sci.* 78, 210. <https://doi.org/10.1007/s12665-019-8214-3>

ATTIVITA' SCIENTIFICHE

Christian Conoscenti is Associate Professor of Physical Geography and Geomorphology at the Department of Earth and Marine Sciences of the University of Palermo. His research activities are mainly focused on GIS and statistical analysis of soil erosion and landslide processes. He is member of the Academic Board of the PhD in Earth and Marine Sciences of the University of Palermo. He obtained a MSc degree in Geological Sciences, in 2000, and a PhD in Geology, in 2006, at the University of Palermo. He obtained from the Italian Ministry of Education, University and Research (MIUR), the National Scientific Qualification (ASN) in the field of Physical Geography and Geomorphology for the role of Associate Professor, in 2103, and for the role of Full Professor, in 2017. He is author of 36 ISI papers related to his main research interests.
