

Curriculum Vitae

INFORMAZIONI PERSONALI

Nome LORETA ANGELA
Cognome MUSCARELLA
Recapiti Edificio 17

E-mail loretaangela.muscarella@unipa.it

FORMAZIONE TITOLI

- PhD in Science, University of Groningen, The Netherlands. Thesis: *Strain Effects on the Optical Properties of Lead-Halide Perovskites*.
- Postdoctoral Fellow, Utrecht University / Advanced Research Center Chemical Building Blocks Consortium, The Netherlands. Research focused on lead-free layered 2D perovskites for photochemical reactions, including synthesis, structural characterization and photophysical analysis.
- Assistant Professor, Vrije Universiteit Amsterdam, Faculty of Science, The Netherlands.
- Principal Investigator and Group Leader of an independent research line on metal-free perovskites, mechanochemistry and piezophototronic materials.
- Honorable Mention, Christiaan Huygens Science Award 2023, Royal Netherlands Academy of Arts and Sciences, awarded for the PhD thesis on strain effects in lead-halide perovskites.
- Distinguished Women Scientists Fund, Dutch Network of Women Professors, 2023.
